

CHAITALI RANALKAR

Data Analyst | Audit Analytics, Business Intelligence & Automation

Pune, India | chaits1412@gmail.com

Portfolio: chaits1412.github.io | LinkedIn: linkedin.com/in/chaitali-ranalkar-1410cr | GitHub: github.com/chaits1412

PROFESSIONAL SUMMARY

I automate what repeats and investigate what doesn't add up. Data analyst in audit analytics, M.Sc. Big Data Analytics (CGPA 9.35/10). I build Python automation, Power BI dashboards with Row Level Security, and SQL investigations that end in a decision rather than a chart — 40% less manual ITGC effort, 50% faster document review, 100+ reconciliations per cycle.

TECHNICAL SKILLS

Programming & Data Science: Python, R, Machine Learning, Deep Learning, Statistical Analysis, Generative AI, Prompt Engineering

Databases & Querying: SQL, Google BigQuery, Database Design, Query Optimization, Data Modelling, Data Transformation

Business Intelligence: Microsoft Power BI, DAX, Row Level Security (RLS), Tableau, Advanced Excel

Automation & Audit: Python Automation, Streamlit, CaseWare IDEA, ITGC, ITAC, Power Automate, Process Automation

Libraries: pandas, NumPy, scikit-learn, XGBoost, TensorFlow/Keras, statsmodels, Prophet

PROFESSIONAL EXPERIENCE

Senior Executive | KKC & Associates LLP | Pune, India

July 2025 – Present

- Designed **Power BI dashboards** for audit KPIs and partner-wise reporting with **Row Level Security (RLS)**, so each partner sees only their own engagements.
- Automated **ITGC testing and data-extraction workflows** using Python and AI, **reducing manual effort by 40%**.
- Built Python tooling to extract and consolidate **multiple PDF documents into structured Excel datasets** for analysis.
- Used **CaseWare IDEA** to consolidate and summarise financial data for audit and review.

Data Analyst Intern | KKC & Associates LLP | Mumbai, India

January 2025 – June 2025

- Delivered end-to-end analytics on **financial performance, partner utilisation, billing and project tracking** using **SQL, Power BI, Excel and CaseWare IDEA**.
- Built a Python **NLP tool to summarise long policy and audit documents**, accelerating compliance and control review.

PROJECTS

Quick-Commerce Gap & Customer Experience Analysis | github.com/chaits1412/Quick-commerce-analytics

September 2026

- Built an **end-to-end diagnostic pipeline** — Python cleaning, BigQuery SQL investigation, Power BI diagnosis — over a simulated 150,000-search / 78,936-order quick-commerce dataset.
- Identified a **54.28% product availability gap** across customer searches and isolated the specific SKUs driving it.
- Ran a **root-cause investigation** into an underperforming dark store (6.13% on-time vs ~42% network average), eliminating four hypotheses across **26 documented SQL queries** and a 3-page Power BI dashboard.

Project & Partner Management Dashboard | Power BI, DAX

January 2026

- Built a Power BI dashboard with **partner-level billing, resource utilisation and project progress**, plus **year-over-year cost comparison** across total hours and partner allocations.
- Designed multi-sheet reporting with breakdowns by **ITGC, ITAC and DA** alongside overall financial and workload summaries.

ITGC Automation Tool | Python, Streamlit, NLP

September 2025

- Developed an **on-premises NLP PDF summarisation tool** for audit and policy documents — no external data exposure — **cutting manual review effort by 50%**.
- Automated **GST R1 and 3B reconciliation** in a Streamlit app handling extraction, validation and mismatch reporting for **100+ reconciliations per cycle**.

ETH-USD Forecasting & Customer Churn Prediction | github.com/chaits1412/data-analytics-mini-projects

2024

- Benchmarked **SARIMA, Holt's Winter, LSTM and Prophet** on five years of daily Ethereum prices; LSTM won on RMSE (135.82), ~7.6x better than the next model.
- Modelled churn for **10,000 bank customers** with Decision Tree, Random Forest, XGBoost and Gradient Boost, tuned and scored on accuracy, precision, recall and F1.

EDUCATION

M.Sc. Big Data Analytics | St. Xavier's College, Mumbai | CGPA: 9.35/10

August 2023 – June 2025

B.Sc. Mathematics | B. N. Bandodkar College | CGPA: 9.25/10

June 2020 – June 2023

CERTIFICATIONS

Generative AI SQL Database Specialist with ChatGPT | Vanderbilt University (Coursera)

July 2026

Introduction to Cloud Computing | SimpliLearn

January 2024

Machine Learning | Great Learning Academy

December 2023
